REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "On or about March 06, 2009, Provider submitted its bill marked, 'Separate Reimbursement to Hospital for Implantables Requested.' Provider incorrectly requested separate reimbursement for implantables. All required documentation has been submitted to the Carrier. On or about April 13, 2009, Carrier sent Provider an Explanation of Benefits and included payment in the amount of \$33,896.39. On or about July 20, 2009, Provider timely sent Carrier a Request for Reconsideration noting that carrier failed to reimburse Provider pursuant to the applicable sections of the Hospital Facility Fee Guideline when Provider requests separate reimbursement for implantables, specifically, 28 TEX. ADMIN. CODE section 134.404(f)(1)(B). Provider incorrectly calculated the DRG value on its Request for Reconsideration when it requested additional reimbursement from the Carrier in the amount of \$33,896.39, plus interest. On or about August 21, 2009, Carrier sent Provider an Explanation of Benefits denying any additional reimbursement after reconsideration. If calculated pursuant to sections §134.404 (f)(1)(B) and (g), reimbursement should be \$71,202.90...Therefore, the Carrier is required to reimburse Provider **\$71,202.90** pursuant to the Inpatient Fee Guideline, which will result in fair and reasonable reimbursement for the services provided to the injured worker. The Carrier made a partial payment of **\$33,896.39**. Therefore, the Carrier is required to reimburse Provider in the amount of **\$37,306.51** plus any and all applicable interest."

Amount in Dispute: \$37,306.51

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "No additional allowance is recommended. The provider instructions on the left hand bottom corner of the UB-04 states: 'SEPARATE REIMBURSEMENT TO HOSPITAL FOR IMPLANTABLES REQUESTED'...Therefore, in calculating the hospital reimbursement the billed charges for implants \$80,728.00 was deducted from the total billed amount of \$194,262.59 leaving a balance of \$113,534.59...Using the facility amount of \$113,534.59 the Medicare reimbursement is \$31,385.55...Since the provider requested separate reimbursement for implants, the facility specific reimbursement was multiplied by 108%...The bill was initially audited on March 27, 2009. No allowance was recommended for implants, as the provider did not submit the required certification statement as required under DWC rule 134.404(g)(1)...The bill was processed for reconsideration on August 13, 2009. However, the provider did not submit the required certification statement for implants and no additional allowance was recommended. Enclosed are copies of the invoices with the carrier date stamp providing evidence the certification statement was not received initially or at the time of reconsideration...Therefore, no allowance is due for implants."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving a medical fee dispute.
- 28 Texas Administrative Code §134.404 sets out the guidelines for reimbursement of hospital facility fees for inpatient services.
- 28 Texas Administrative Code §134.404(e) states that: "Except as provided in subsection (h) of this section, regardless of billed amount, reimbursement shall be:
 - (1) the amount for the service that is included in a specific fee schedule set in a contract that complies with the requirements of Labor Code §413.011; or
 - (2) if no contracted fee schedule exists that complies with Labor Code §413.011, the maximum allowable reimbursement (MAR) amount under subsection (f) of this section, including any applicable outlier payment amounts and reimbursement for implantables."
 - (3) If no contracted fee schedule exists that complies with Labor Code §413.011, and an amount cannot be determined by application of the formula to calculate the MAR as outlined in subsection (f) of this section, reimbursement shall be determined in accordance with §134.1 of this title (relating to Medical Reimbursement).
- 28 Texas Administrative Code §134.404(f)(2) and (g) states that "The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Inpatient Prospective Payment System (IPPS) reimbursement formula and factors as published annually in the Federal Register. The following minimal modifications shall be applied.
 - (1) The sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by:
 - (A) 143 percent; unless
 - (B) a facility or surgical implant provider requests separate reimbursement in accordance with subsection (g) of this section, in which case the facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 108 percent."
- 28 Texas Administrative Code §134.404(g)(1) states that "Implantables, when billed separately by the facility or a surgical implant provider in accordance with subsection (f)(1)(B) of this section, shall be reimbursed at the lesser of the manufacturer's invoice amount or the net amount (exclusive of rebates and discounts) plus 10 percent or \$1,000 per billed item add-on, whichever is less, but not to exceed \$2,000 in add-on's per admission.
 - (1) A facility or surgical provider billing separately for an implantable shall include with the billing a certification that the amount billed represents the actual costs (net amount, exclusive of rebates and discounts) for the implantable. The certification shall include the following sentence: "I hereby certify under penalty of law that the following is the true and correct actual cost to the best of my knowledge."
- The services in dispute were reduced/denied by the respondent with the following reason codes:

Issues

1. Can the maximum allowable reimbursement (MAR) amount for the disputed services be determined according to 28 Texas Administrative Code §134.404(f)?
2. Did the facility or a surgical implant provider request separate reimbursement for implantables in accordance with 28 Texas Administrative Code §134.404(g)?
3. Is the requestor entitled to additional reimbursement for the disputed services?

Findings

1. Review of the submitted documentation finds that the maximum allowable reimbursement (MAR) amount for the disputed services can be determined according to 28 Texas Administrative Code §134.404(f).
2. The Carrier asserts that reimbursement was not recommended for the disputed implantables, as the provider did not submit the required certification statement as required under DWC rule 134.404 (g)(1). However, review of the submitted documentation submitted for medical fee dispute resolution, finds a request for separate reimbursement of implantables in accordance with 28 Texas Administrative Code §134.404(g).

A review of the submitted medical bill indicates that the requestor billed revenue code 278 for Implants at \$80,728.00.

The Division finds that total allowable for the implants billed under revenue code 278 is:

Description of Implant per Itemized Statement	Quantity	Cost Invoice	Cost + 10%
Cage PLIF	1	\$6,202.00	\$6,822.20
Screw Polyaxial	4	\$5,980.00	\$6,578.00
Set Screw Cap	4	\$1,600.00	\$1,760.00
Rod Pre-Bent	2	\$800.00	\$880.00
Cancellous Crush	1	\$2,755.00	\$3,030.50
Plexur Granules	1	\$915.00	\$1,006.50
TOTAL	13		\$20,077.20

3. 28 Texas Administrative Code §134.404(e) states that: "Except as provided in subsection (h) of this section, regardless of billed amount, reimbursement shall be (1) the amount for the service that is included in a specific fee schedule set in a contract that complies with the requirements of Labor Code §413.011." Reimbursement for the disputed services is calculated in accordance with 28 Texas Administrative Code §134.404(f)(1)(A) as follows: The Medicare facility-specific reimbursement amount including outlier payment amount for DRG 455 is \$31,385.55. This amount multiplied by 108% is \$33,896.39. The total net invoice amount (exclusive of rebates and discounts) for the disputed implantables is \$18,252.00. The total add-on amount of 10% or \$1,000 per billed item add-on, whichever is less, but not to exceed \$2,000 in add-on's per admission is \$1,825.20. The total maximum allowable reimbursement (MAR) is therefore \$53,973.59. The respondent previously paid \$33,896.39, therefore an additional amount of \$20,077.20 is recommended for payment.

Conclusion

For the reasons stated above, the division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$20,077.20.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The division hereby ORDERS the respondent to remit to the requestor the amount of \$20,077.20 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
